Subject: Hot topic for July 2

Deputy Wheeler-

If we have a senior staff call on Monday, July 2, I would be happy to present on the first regional PFAS workshop (6/25-26) and how it went & lessons learned - with the Office of Water and OPA. Great collaboration across offices.

Please accept my regrets for not being on today's 2 pm call. I am in Cape Cod with the Office of Research and Development on our extensive work on nutrients and meeting with media.
